

The control system of MC-7H consist of receiving card and sending card. Receiving card is integrated with LED panels.

Specification

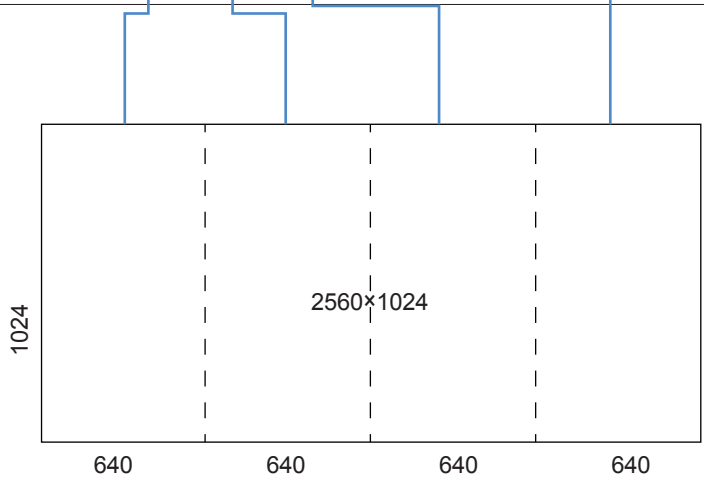

Working voltage	100-240V AC
Power	< 20W
Working temperature	-20°C to 45°C
Input port	DVI
Output ports number	4 ports
Communication port	USB/RJ45
Max resolution	2560×1024
Data transmission port	1000M Ethernet
Material	AL6061
Dimension	L480×W240×H45mm
Weight	2.30kg

Evison (201000S0009)

- 1. Power switch
- 2. Number keys
- 3. LCD screen
- 4. Function keys
- 5. Knob
- 6. DVI port
- 7. HDMI port
- 8. USB port
- 9. RJ45 data port
- 10. Power port
